

Prominent frontrunners in corporate sustainability join Position Green's Advisory Board

27 February 2024

Position Green, the Nordic leader in ESG software and advisory services, is pleased to announce the addition of sustainability experts **Andreas Rasche** and **Cornelia Andersson** to its Advisory Board. Their experience and knowledge of sustainable business and finance will play a crucial role in guiding Position Green towards impactful initiatives and strategic growth.

Andreas Rasche, Professor of Business in Society and Associate Dean, Copenhagen Business School

[Andreas Rasche](#), Professor of Business in Society and Associate Dean at Copenhagen Business School, is widely recognised for his research in corporate sustainability, sustainable finance and the political role of firms. Having worked for and collaborated with the UN Global Compact on a number of projects, his commitment to innovative solutions aligns perfectly with Position Green's mission to revolutionise how companies integrate sustainability.

'These are exciting times for sustainable business,' says Andreas Rasche. 'To navigate the fast-moving regulatory landscape and unlock opportunities along this journey, organisations need both the tools and the guidance to succeed. It's here that Position Green is undoubtedly a catalyst for change, and it's a great pleasure to join the advisory board and help enable scalable impact across industries worldwide.'

[Cornelia Andersson](#), Global Head of Sustainable Finance and Investing, Data & Analytics, at the London Stock Exchange Group (LSEG), is a seasoned expert in leveraging innovation to create sustainable and strategic growth. Cornelia is a visionary leader in using actionable data and analytics to enable sustainable decision-making within investor and corporate communities globally. Her business acumen and passion will be instrumental in honing Position Green's strategic focus.

Cornelia Andersson, Global Head of Sustainable Finance and Investing, Data & Analytics, London Stock Exchange Group (LSEG)

'It's vital that businesses and investors can put sustainability data in context, and gain clear insights on the risks and opportunities created by the emerging green economy,' says Cornelia. 'I'm pleased to be joining the Position Green Advisory Board, as leveraging ESG software and deep expertise will be critical for many in this rapidly evolving and competitive market.'

'Andreas and Cornelia bring tremendous ESG and sustainability expertise to this collaboration, and we are honored to have them join us,' says Joachim Nahem, Executive Chair and Co-founder of Position Green. 'Their insights and guidance will be invaluable as we continue to expand our global reach and develop solutions to help businesses move from compliance to impact.'

About Position Green

Position Green enables companies and investors worldwide to thrive and excel in the changing landscape of sustainable business. Its ESG software is designed by leading advisors to automate compliance with regulations and unlock opportunities for scalable impact. Born in the Nordics, Position Green equips its growing customer network of 600+ enterprises with the insights and guidance to simplify ESG data management, reduce risk and drive sustainable impact across their organisation, value chain and portfolio.

At the start of 2024, Position Green has offices in Sweden, Norway, Denmark, the UK, the US, and Belgium.
