The Platform and Advisory Services are jointly referred to as the "Services".

1.2 These general terms and conditions ("General Terms and Conditions") apply to Position Green and you, the signatory to the Service Agreement, as a Customer to Position Green ("Customer"), (each "Party" and collectively "Parties"). Position Green is under these terms and conditions not contracting with any group entities other than you, the signing entity nor will Position Green issue invoices to any affiliated entities, that may be covered subject to Sub-Clause 2.2. The Parties have entered an agreement for therein specified and ordered Services (the "Service Agreement") to be provided by Position Green. By signing the Service Agreement, the Customer confirms to have taken cognizance of and to approve of these General Terms and Conditions which form an integral part of the Service Agreement. The Customer shall be responsible for the activities conducted by the Customer and its employees, affiliate entities, and consultants.

## 2. Using the Platform

2.1 By entering the Service Agreement, the Customer obtains access to a worldwide, non-exclusive, non-transferable and in time limited license to access and use the Platform in accordance with the Service Agreement and these General Terms and Conditions.

2.2 The license right applies only to the Customer entity and, if applicable, to other affiliated Customer entities as defined in the Service Agreement (hereinafter referred to as Customer Group). Entities that are not specifically listed or approved as mentioned above are not part of Customer Group for purposes of this Service Agreement. To the extent Customer would want to deviate from the arrangement as described in the General Terms and Conditions, in terms of separate license, services and or invoicing arrangements

with affiliates, such deviations shall be made in a separate accession agreement.

2.3 Without prejudice to Sub-Clause 2.4, the Customer Group may only use the Platform for its own use and may not use, transfer, sublicense, rent, or in any other way provide, permit or utilize such services for use by a third party, e.g. through time-sharing, as a service or otherwise. The Customer Group may furthermore not use the Platform in a way that contravenes these General Terms and Conditions, the Service Agreement or applicable legislation.

2.4 Notwithstanding Sub-Clause 2.3, the Customer may grant access to use the Platform to its employees, contractors, suppliers and corporate entities within its Customer Group providing that such access and use is strictly necessary for, and restricted to, the purpose of supporting the Customer's or affiliates' use of the Platform.

2.5 Position Green guarantees access to the Platform in accordance with Clause 11. The license right to use the Platform does not grant the Customer direct access to Position Green's servers, databases, physical or virtual equipment or environment.

Position Green does not guarantee integration compatibility with all third-party applications and reserves the right to approve, deny, or limit integrations to the Platform based on technical feasibility, security, or other business considerations.

2.7 The Customer grants Position Green consent to access and retrieve data using the provided log-in credentials ("Credentials") solely for the purposes of data analysis, reporting, and related services. Position Green is not responsible for the performance, data handling, or service disruptions of any third-party services or vendors, including any third-party platforms used to access or process this data. The Customer is responsible for ensuring the security and confidentiality of the API credentials or login details they provide and agrees to maintain and update these Credentials as necessary. Position Green will implement reasonable security measures to protect the Credentials and any accessed data, but the Customer assumes responsibility for securing these Credentials against unauthorized distribution or misuse outside of Position Green's control. Both parties agree to

comply with all applicable data privacy regulations, and Position Green shall treat all utility data accessed as confidential.

The Customer is therefore encouraged to use an updated browser. Position Green holds no responsibility for any possible interruptions in the services caused by the Customer using an old version of a browser.

2.10 The Customer shall ensure that user identities, passwords, and equivalents used by the Customer are stored and used in a secure manner and cannot be accessed and thereby used by third parties. The Customer shall be liable for any unauthorized use of the Platform. Position Green shall have no liability for any loss or damage arising from the Customer's failure to comply with these requirements.

2.11 All data and content uploaded to, transferred through, posted, processed or entered into the Platform by the Customer or any third party on behalf of the Customer is owned by the Customer and shall be the sole responsibility of the Customer.

2.12 The Customer shall ensure that any person who is granted access to the Platform pursuant to Sub-Clause 2.4 above (each a "Third-Party User") shall comply with the terms of the Service Agreement. If a Third-Party User commits any act, or fails to perform an act, which would constitute (if the Third-Party User had been a party to this agreement) a breach of the Service Agreement, then the Customer shall become liable to Position Green as if the Customer had committed the breach itself.
